PNM list is the MAX number of PNMs you can select. There should be NO column names/headers. The file must be a CSV file. Column A should be PNM ID/Number, Column B should be PNM First Name, Column C should be PNM Last Name. This selection list does not need to be in any particular order.

If adding Flex +/- lists, there must be ONE blank row between the selection list and the Flex +/- lists. The "Flex +" list MUST BE ADDED FIRST with order numbers in column D. Then you must add a blank row before adding "Flex-" list.

Flex + and Flex - lists can be less than or equal to the Max Number.
